

# User Guide:

- Visit <http://173.193.102.104:30000/> and press the “Start game” button to play.

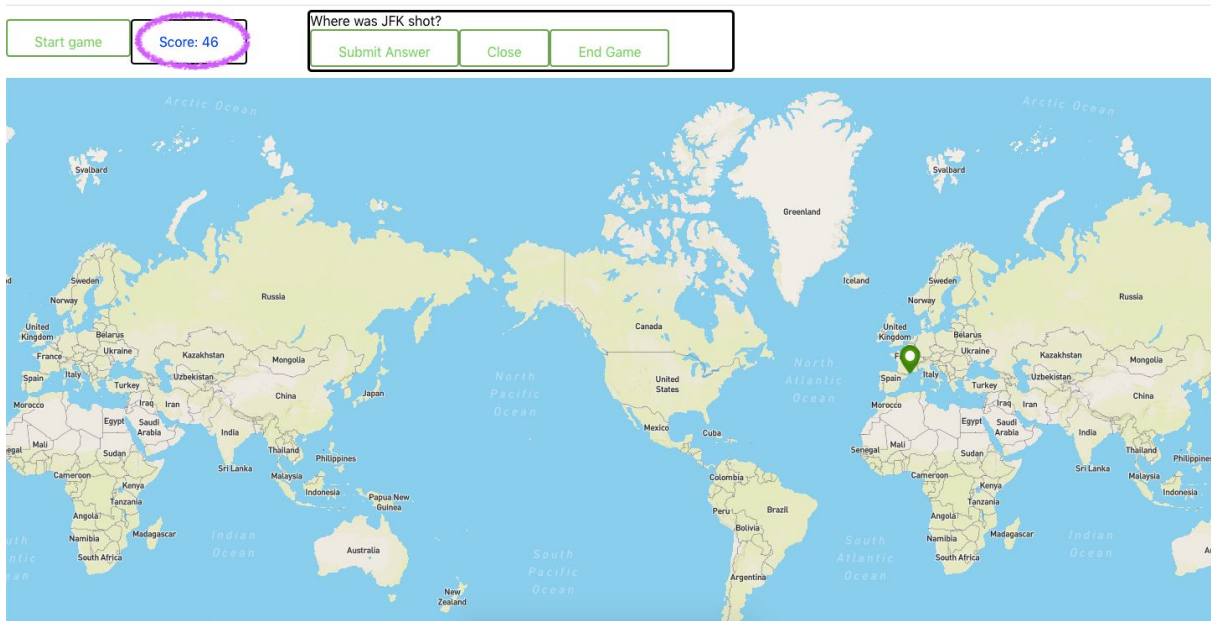

- A question will pop up, and you must move the green marker on the map to where you think the answer is.

- Once you're happy with the marker placement, press the "Submit Answer" button.

- You will then receive a score, out of a maximum of 50 points per question.

- After 5 questions you'll find out whether you won or lost!
